### "LUNCH WITH DAVE"

Curious about Port of CW projects and activities? This annual gathering is an opportunity to have lunch and conversation with the Port's Executive Director.

If you've never attended a commission meeting or port event, this casual setting may be the perfect time to meet Dave Ripp and learn what's going on at your port.

Date: Friday, July 18

Time: 12:00 Noon

Where: Port Office Bldg.

### GRANT PROCESS BEGINS FOR WATERFRONT

## **CAMAS WASHOUGAL AVIATION ASSOCIATION**

### ***Summer Aviation Camps!***

Each year, CWAA holds summer camps for Camas and Washougal students ages 9 to 12 with a love for aviation. "These camps have been very popular and sometimes we have students accepted on the basis of their GPA and other criteria, but who cannot afford to pay the fees," said Bob Martilla, CWAA Board member. "This creates an opportunity for a business or an individual in the community to sponsor a student so he or she can experience Aviation Camp."

This year's Aviation Camps will be based at Grove Field Airport, with trips to Pearson Airfield's computer lab, Fern Prairie Modeler's remote control plane field, the PDX control tower, and Horizon's maintenance base at Portland

International Airport.

Session 1: July 8 - 12

Session 2: August 5 - 9

Class Size: Accepting up to 10 students for each camp

Applications are available at [www.cwaagrovefield.com](http://www.cwaagrovefield.com) and will be accepted until mid-June. "CWAA supports as many students as it can," added Bob Martilla. "However, anyone who'd like more information on sponsorship may contact us at [123bobmar@comcast.net](mailto:123bobmar@comcast.net)."

## **HARBORMASTER'S VIEW**

### ***News you can use from Mark Hamrick***

National Safe Boating Week is May 17 - 23. The U.S. Coast Guard plans to return for "maintenance" of the stencils which were added at the top of the launch ramp in 2013. To promote boating safety, the wording 'LIFE JACKET ZONE' will be repainted in bright yellow reminding boaters of the importance of wearing life jackets when on and around the water. Remember, the life you save may be your own!

We would like to promote an active marina. If you don't remember the last time you used your boat, please consider making room for someone on the Waiting List who wants to use their boat. In other words...Moorage, NOT Storage!

This year the State of Washington requires anyone 59 and younger to have a valid Washington State boater's card to operate a motorized water craft with 15hp or greater. You MUST have the card aboard the vessel and available for inspection by an enforcement officer, or risk a fine. (Yes, that would spoil your day!)

One last thing: I've noticed a lot of boats still displaying 2013 registration tags - two years out of date. The Port requires that you have current registration and state tags displayed on your boat. Tags issued now will show "2015" and be good through June 2015. Take a look, and if they are expired let's get them up to date so you don't get that unwelcome "surprise" while out on the river!

As always, remember to check your lines. Enjoy the sunshine! -Mark
